a perfect match
GUARANTEED

Take the fuss out of trying to mix and match blinds and wall colours. The Elegance range in Dulux's signature paint colour guarantees ease of colour selection and an identical colour match each and every time.

- 1** Pick up a Dulux interior paints brochure at your local paint or hardware store.
- 2** Select the wall colour scheme that appeals to you.
- 3** Choose an Elegance blind colour.
- 4** Contact your local blinds and curtains store to request a measure, quote and install of Elegance blinds in Dulux colours.

DESIGNER TIP - To make a room feel larger, choose the same Dulux wall paint colour and Dulux blinds colour. If you are looking for the window blinds to stand out as a feature of the room, select a Dulux blinds colour that is darker than the wall colour. Alternatively, choose a slightly darker Dulux blinds colour to your wall colour to create depth and contrast within the room.

* Dulux colours are created using Dulux technology. Confirmation of final product selection, quality and finish should be confirmed directly with The Specialty Group.
